

We are a community-based system that combines the best of education with the thoughtfulness of childhood psychology. Our school builds confidence, responsibility and independence, allowing children to thrive and follow their passion from learning into career.

A COOPERATIVE ENVIRONMENT BUILT FOR SUCCESS

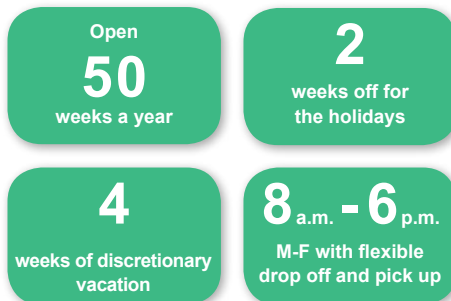

A UNIQUE APPROACH TO EDUCATION

Our model:

- Individualized, independent and curiosity-driven learning from K-12.
- Focus on mastery of knowledge and skills, not grades.
- No fail system with multiple paths for success.
- Reward-based instruction.
- Mixed ability classrooms.
- No homework. Limited testing. All work stays at school.
- School-life balance because family time matters.

FLEXIBLE SCHEDULE

100% COMMITTED TO COMPLETE CHILD DEVELOPMENT

We value and teach:

- Interpersonal skills focusing on collaboration, play and teamwork.
- Healthy habits in exercise, diet and sleep.
- Critical-thinking curriculum.
- Social and emotional skills that are valuable for career readiness and civic engagement.

HANDS-ON, REAL-LIFE EXPERIENCES OUTSIDE THE CLASSROOM

- Frequent field trips to area educational attractions.
- Occupational visits to learn by trade.
- Opportunities for internships and apprenticeships.

TRUSTED RESOURCES

to supplement instruction and teach by ability not grade level.

- SAS® Curriculum Pathways®
- Khan Academy

Our philosophy on curriculum?
Simple.
Design by aptitude and interest.
